General Pershing sends these pictures to you!

Yes, General Pershing himself dispatched to this country most of the material used in the most thrilling war film of the century—"America's Answer."

"America's Answer" shows—Great Transports, conveyed by the U. S. Navy and fairly bulging with Yanks!

These same Yanks disembarking at French Ports!

American engineers converting unproductive swampland into a modern concrete dock, three miles in length!

General Pershing welcoming newly-arrived troops!

Real "doughboys" baking tons of war bread in gigantic ovens—every loaf stamped with the company trade-mark!

American soldiers being whisked away to front-line

trenches in long troop trains—some of them the very boys who left homes in this city to fight for Uncle Sam!

Other Americans marching through French villages, while fatherless French children wave them on to victory!

U. S. artillery thundering out "America's Answer" in the only kind of language that a Hun can understand!

These are just a few of the many stirring scenes the U. S. Signal Corps has filmed for you Americans who have to stay at home.

"America's Answer" brings the war home to you in a way that nothing else can. No man or woman, however patriotic, can see "America's Answer," and not be a better citizen for it!

ALBANY GAS RATE DECISION BLOW TO NEW YORK COMPANY

Appellate Court Throws Out Temporary Injunction—To Prevent Similar Action Here.

The eighty-cent gas law in this city is in no danger of attack by "temporary injunction," a favorite method of corporations. Last night the Appellate Division of the Supreme Court unanimously decided against the Municipal Gas Company of Albany, which had obtained a temporary injunction restraining the city from charging the rate fixed by the Legislature.

The Albany rate is 11 a thousand cubic feet. The Albany Company, which is owned by directors who are directors in the Consolidated Gas Company here, was not satisfied with the dollar rate. So it went to Justice Hasbrouck and obtained the injunction against the city.

It was said at the office of the Public Service Commission to-day that the ruling of the Appellate Division will very likely be upheld by the Court of Appeals. This would close the history of "temporary injunctions" and prevent similar action by the New York Company.

SCALPERS BLAME MANAGERS FOR BIG THEATRE GRAFTING

Brokers Object to Kilroe Ordinance—Declare They Pay Extra for Tickets.

During a warm and acrimonious meeting in District Attorney Swann's office, called to-day for the purpose of discussing Assistant District Attorney Kilroe's proposed ordinance to curb ticket speculation, the ticket brokers blamed the prevailing exorbitant prices asked for theatre tickets on the managers. The managers, headed by Alf Hayman, shook their fingers at the speculators and the speculators shook their fists at the managers.

When the meeting adjourned the overhauled speculators gathered about Mr. Kilroe and renewed their protests against the ordinance.

"If the proposed ordinance became effective it would simply drive us out of business," said W. J. Fallon, who represents the Tyson Company. "How do you expect us to make a living if we can make only 25 cents profit on each ticket?" he demanded.

"The ordinance," replied Mr. Kilroe, "permits us to make a profit of 30 cents."

"That's all right on paper," said Fallon, "but I want to inform you that we speculators are compelled to pay the theatrical managers themselves a profit of 25 cents a ticket above the regular scheduled price in order to get them to sell to us. What do you think about that?"

"Why didn't you bring out that fact at the meeting?" Kilroe asked.

"Because," replied Fallon, "if we had, the managers would have refused hereafter to sell us any tickets at all. We're not in the business of cutting our own throats. The managers are doing that fast enough."

Mr. Hayman said the managers would like to see the speculators compelled to pay a license fee of \$250 a year.

The proposed ordinance went before the Board of Aldermen this afternoon.
